

CHARGING PROCESS

How can I charge my electric car?

How it works:

STEP 1
Plug the cable into the vehicle

STEP 2
Start the app & scan the QR code of the charging station*

STEP 3
Price display > Tariff and contract confirmation

STEP 4
Start charging process

STEP 5
End charging process

STEP 6
Disconnect the cable from the vehicle

With the free BÄM charging app, you can easily charge your electric car at the BÄM charging stations as well as at the public charging stations in the BÄM roaming charging network.
